# INTRODUCTION and GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southern Directories, present to subscribers and the general public, this, the 1958 edition of the Southern Pines-Aberdeen City Directory, which also includes Pinebluff and the rural routes emanating from the Southern Pines and Aberdeen Post Offices.

This is the first Hill Directory of Southern Pines-Aberdeen, and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Southern Pines-Aberdeen's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Southern Pines-Aberdeen to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Southern Pines-Aberdeen Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Southern Pines-Aberdeen, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Southern Pines-

Aberdeen, Pinebluff and on the Southern Pines and Aberdeen rural routes, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department printed on green paper. In this section the named streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

#### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Southern Pines-Aberdeen and vicinity.

There are more than 700 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which Hill Directory Co., Inc., is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## HISTORY OF SOUTHERN PINES

Founded in 1880 by John T. Patrick, who as immigration agent for the Seaboard Air Line Railroad had the job of attracting northern settlers and industries to the South. On discovering the Sandhill section, with its mild climate and dry pine-scented air, Patrick envisioned such opportunity that he himself purchased the large tract then known as Shaw's Ridge, laid out a town of wide streets and neat squares which persist today, gave the streets the names of New England and other northern states. The town was incorporated in 1886.

The first arrivals found Patrick's tales of a haven in the South, just overnight by rail from New York City, to be well founded. They helped spread its fame among those who, for health or other reasons, sought a beneficent climate. Many early settlers, near the last stages of illness on their arrival, regained their health and lived to a ripe old age, founding businesses and contributing much to the development of the town.

By the turn of the century, peach and grape growing had begun to flourish, as they were to do well into the 20th century. A canning factory and the crate manufacturing business of Mr. I. F. Chandler had been established as offshoots.

By 1905, the telephone company had some 75 subscribers. The school had 88 pupils. Among prominent businesses were Hayes News Depot and Patch & Tarbell, both of which survive today as Hayes Book Store and Patch's Department Store.

Winter visitors tripled the population during half the year, and most of the businesses existed to serve them. Hotels included the Jefferson Inn, still in existence: The Ozone, now the Southland; the Southern Pines Hotel, Prospect House and the large Piney Woods Hotel, with its lake and forested grounds.

Without ever assuming "boom" proportions except perhaps in the late twenties, Southern Pines, has continued to grow. In 1910 the permanent population was 500; 1920, 743; 1930, 2,524; 1940, 3,225; 1950 (the latest census), 4,272. Since the annexation of the Knollwood area in 1954 the corporate limits cover approximately four and a half square miles, with an estimated population of 5,500.

Various factors have contributed to the development of the community. One is Southern Pines' continued importance as a winter resort, with emphasis shifting through the year from health improvement to active sports or just pleasant living.

Climatic conditions permit outdoor enjoyment practically every day in the year. In 1906 the first country club was organized, by 1907 its golf course had been built, as civic leaders emulated the pattern set by the young but thriving resort of Pinehurst, six miles away; today there are three clubs, with four golf courses here, and Southern Pines shares with Pinehurst the honor of being the nation's winter capital of golf.

In 1915 the Moore County Hounds was organized, and forty years later this community is famed as the home of the finest winter fox hunt in the land. Owners of show horses and jumpers have also found it the ideal winter spot, and steeplechasing has recently had its renaissance at the Stoneybrook track.

The beauty of the town has been a main concern of its residents from the beginning, when early settlers formed the Village Improvement Society, planting many fine trees and shrubs which still grace its streets. The longleaf pine natural to this area forms a stately background, with azaleas and dogwood adding springtime glory.

The growing charm of Southern Pines through the years has been enhanced by the building of fine winter homes by persons of means, appreciative of beautiful surroundings and the facilities for gracious living they have found here.

The Hollywood Hotel and Highland Pines Inn, large and lovely winter hotels, were both constructed in 1912. The prosperity of the twenties, bringing a spurt in population, added the elegant Mid Pines Club and Pine Needles Inn, in the Knollwood residential section.

In 1925, a new era of progress was inaugurated with a large bond issue, which enabled the town to build its modern water plant on the Carthage road, greatly extended its water and sewer lines and hardsurface many streets.

Depression days showed Southern Pines the vulnerability of a resort operation. Visitors dwindled to a trickle, hotels had a hard time making a go of it and all businesses relying on the seasonal trade suffered. While the town worked it out somehow—even showing a small population gain for the decade, civic leaders started plans to get the economy on a sounder footing.

Unexpected aid came, from a source they would not have chosen—World War II. The rapid burgeoning of nearby Fort Bragg, the opening up of vast Camp Mackall, gave the resort town an unparalleled opportunity to serve. Besides plunging into war work, it provided homes for a flood tide of military families.

When the war ended and population shifts leveled out, it was found that many of the officers and men had liked what they saw here, and wished to stay. Some returned from overseas to buy homes and enter the business life. Through the ensuing years, the military—both retired and still in uniform have become a fine and stable element of the community life.

The resort factor is still vital, and indeed more flourishing than ever. Despite the conversion of the Pine Needles to a hospital, St. Joseph of the Pines, in 1948, and the leasing of the Highland Pines Inn to the Air Force in 1951, the list of hotels remains large; the Mid Pines and Hollywood, open from October till May; the Jefferson Inn, Southland, Parkview, and Belvedere, open all year; numerous guest houses and outside the town, a growing number of modern motels. The golf course of the Mid Pines, Pine Needles Club and Southern Pines Country Club are now open all year.

However, as a "home town" Southern Pines makes its appeal not only to the Army and Air Force families, but to an increasing number of retired persons from all walks of life, some of them former leaders of business and industry from the nation's metropolitan centers, others who find that on very modest incomes they can live pleasantly here. Many salesmen and others, whose business interests permit them to choose their headquarters town, are drawn to Southern Pines by its excellent schools. Executives of industry in the area enjoy their home and social life here while commuting daily to nearby towns.

These have given Southern Pines a cosmopolitan citizenry, interested in the finer things of life, who have not

only appreciated what they found here but have joined in community efforts to provide more. The town has a winter concert series worthy of many much larger communities, its library supplies the needs of readers of discrimination, its art exhibits, held seasonally for years, now continue all year round.

There are vigorous churches of several denominations in the community, and some 250 businesses of wide variety.

## PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

# A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

*Advertising Federation of America*

(Your Directory publishers fully subscribe to the principles set forth in this statement)

**C**ustomers,  
**P**rofits &  
**L**ight —

The alert businessman can spot the happy relationship of these three words. He knows how "Planned Lighting" in his display windows can turn shoppers into prospects. And how, in his store, it helps turn prospects into customers. The result? More customers and more profits for him.

FREE SURVEYS of your Lighting requirements are part of C. P. & L. service. If interested, just call your nearest C. P. & L. Office at no obligation whatever. A telephone call today can mean more profits for you tomorrow.

# U. S. POSTAL INFORMATION

## POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and malleability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

## DOMESTIC POSTAL RATES

### First-Class

LETTERS: 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS or POSTAL CARDS: 2 cents each within prescribed sizes.

BUSINESS REPLY CARDS: 4 cents.

MAIL ENCLOSED IN BUSINESS REPLY ENVELOPES: 3 cents per ounce, plus 2 cents per piece, collected when delivered.

### Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each additional 2 ounces or fourth class rate, whichever is lower.

### Third-Class

(Limit 8 ounces)—On circulars and other miscellaneous printed matter, also on merchandise, 2c for the first 2 ounces or fraction, plus 1c for each additional ounce or fraction.

On books and catalogs having 24 or more pages; also, seeds, cuttings, bulbs, roots, acorns, and plants—2 cents for first 2 ounces and 1½ cents for each additional 2 ounces.

### Bulk Rate

For Details Consult Your Local Postmaster

### Fourth-Class—(Parcel Post)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds in weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Territory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

### AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

KNOW YOUR ENDORSERS!**

**The Government never redeems counterfeit money!**

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

**PORTRAIT** *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

*Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED SEAL** *Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL NUMBERS** *Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER** *Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

Directory of Household-ers, Occupants of Office Build-  
ings and Other Business Places, Including a  
Complete Street and Avenue Guide

### 1958

INCLUDING PINEBLUFF

Copyright, 1958, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ® following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The numerals that appear at the right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1** An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2** A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3** A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4** A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5** A *Statistical and Historical Story* of your city; plus miscellaneous other information.

**I**N ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
